

Attendance Certificate

MOOC Machine Learning in Weather & Climate

Agostino Manzato

has successfully completed

Tier 1 – Machine Learning in Weather & Climate

(up to 13 h 30 min)

January – April 2023

organised by
the European Centre for Medium-Range Weather Forecasts (ECMWF)
in partnership with
the International Foundation Big Data and Artificial Intelligence
for Human Development (IFAB)

Florence Rabier
Director General of ECMWF

Francesco Ubertini
President of IFAB and CINECA

Module 1: Introduction to ML in Weather & Climate
up to 6 h

Optional Modules

Module 2: Observations
up to 1 h

Module 3: Forecast Model
up to 3 h 30 min

Module 4: Data Assimilation
up to 30 min

Module 5: Post-Processing
up to 1 h

Module 6: Computing
up to 1 h 30 min
