

Attendance Certificate

MOOC Machine Learning in Weather & Climate

Agostino Manzato

has successfully completed

Tier 3 – Practical Machine Learning applications in Weather & Climate

(up to 14 h 30 min)
January – April 2023

organised by
the European Centre for Medium-Range Weather Forecasts (ECMWF)
in partnership with
the International Foundation Big Data and Artificial Intelligence
for Human Development (IFAB)

Florence Rabier
Director General of ECMWF

Francesco Ubertini
President of IFAB and CINECA

Specialisation Optional Modules

Module 1: Observations
up to 3 h 30 min

Module 2: Forecast Model
up to 3 h

Module 3: Data Assimilation
up to 2 h

Module 4: Post-Processing
up to 1 h

Module 5: Ocean & Climate
up to 3 h 30 min

**Module 6: Operational
Meteorology**
up to 1 h 30 min
